# General Principles in Deciding University Entrance Requirements

制定入學要求的一些基本原則

**(a) To support the new  
secondary school curriculum  
and Hong Kong Diploma of  
Secondary Education (HKDSE)  
Examination**

支持/配合新中學課程和新的香港中  
學文憑考試

**(b) To make sure candidates entering the University will be able to benefit from their studies**

確保學生入學後能受惠於其學習，學習  
不會有困難

**(c) To support, as far as possible, a common set of entrance requirements for all institutions in Hong Kong in respect of the four core HKDSE subjects**

回應社會的要求，香港各大專院校就香港中學文憑考試的四個核心科目儘量使用同一套入學要求

**(d) To allow flexibility for students to choose their electives during their studies in schools. (This hopefully will encourage students to select subjects of their interest such as a “science” and an “arts” subjects.)**

容許學生有彈性地選擇其選修科目（希望能鼓勵同學按興趣選擇科目，例如修讀一文科加一理科）

- **No programme requests more than one specialized elective subject**

所有課程不會要求多於一個指定選修科目

– **Students taking “Combined Science” shall be able to satisfy the subject requirement of all HKU programmes, except in one exceptional case**

– 選修「組合科學」科的學生能符合報讀所有港大課程的資格 (只有一個例外的情形)

**(e) Satisfying the entrance requirements does not necessarily mean the candidate will be selected. Selection will be on competition basis**

符合入學條件並不表示申請人會被取錄。收生過程將會按競爭進行
